Dear Ms. Iovino,

I write to respond to your letter of February 26, 2009, regarding "Year End Report (11/25/08 - 12/31/08), in which you request additional information regarding the purposes of expenditures, which had been described as "Consulting Fee -- Staff."

Today, I filed an amended report in which additional information is provided for each of the expenditures in question. Using examples from the statement of policy, "Purpose of Disbursement (2007)," I have defined the consulting services provided more specifically.

Should you have any questions about this amended filing, please feel free to contact me.

Sincerely,
/s/
Christopher M. Marston
